Hi Moti,

Attached is the draft revised in view of our last meeting. The new portions are in bold Italics. Please start reading from page 8, i.e., from definition of the access device. The device definition is more general than definition of the method (pages 3-8). Detailed description of the drawings was changed. Sketches of the drawings will be handed to you. Claims will be drafted upon we agree on the description. Please let me know when we can discuss the draft.
